

ERASMUS MUNDUS JOINT MASTERS (Full Master)

1. What is EMJM?

Erasmus Mundus Joint Masters are delivered by multiple higher education institutions and run across various countries. They are distinguished by their academic excellence and by their high level of integration. Students at master's level from all over the world can apply.

2. What are the eligibility criteria?

Students must first apply for a scholarship to the Erasmus Mundus Joint Master Degree (EMJMD) of their choice through the website of consortia and go through a competitive selection process organized by the consortium HEIs. The selection, recruitment, and monitoring of individual students fall under the responsibility of the EMJMD consortium.

3. Duration?

An EMJMD is a study programme of 60, 90 or 120 ECTS credits. The student scholarship is awarded exclusively for a full-time enrolment in one of the Master courses and will cover the entire duration of the EMJMD study programme. This means that it lasts from a minimum of 12 months to a maximum of 24 months.

4. Academic outcome?

The successful completion of the study programme will lead to the award of either a joint degree (i.e. one single degree certificate issued on behalf of at least two higher education institutions of the EMJMD consortium) or multiple degrees (i.e. at least two-degree certificates issued by two higher education institutions of the consortium).

5. Financial support?

The EMJM scholarship covers student participation costs (including the tuition fees, full insurance coverage and any other mandatory costs related to student participation in the Master); it represents a contribution to student travel and installation costs and includes a monthly subsistence allowance for the entire duration of the EMJMD study programme.
