What is eTwinning?

eTwinning is the European digital platform for schools in Europe, launched in 2005 as one of the largest online communities for teachers and pre-university education staff, active in more than 40 countries.
The European School Education Platform, of which eTwinning is a part, provides a framework for international networking, the internationalisation of schools, and collaborative digital eTwinning projects.

eTwinning is funded by Erasmus+, the European Union's programme for education, training, youth, and sport.

In Kosovo, eTwinning started in January 2024, and the project is implemented by the eTwinning National Support Organization in Kosovo, which operates under the Kosovo Erasmus+ Office.

Register on the European School Education Platform and apply to become an eTwinner:

eTwinning in Kosovo

eTwinning in Kosovo is co-funded by the European Union through the Erasmus+ program and the Ministry of Education and Science in Kosovo.

eTwinning enables:

- project-based learning and interdisciplinary learning;
- designing and implementing collaborative projects with other schools;
- developing digital skills;
- developing language skills;
- developing experience in European school cooperation;
- developing intercultural competences;
- exchanging practices with colleagues from other countries.

This material is produced by the eTwinning National Support Organization in Kosovo.
